

REMARKS

Claim Rejections of Independent Claim 1 and its Dependent Claims Under 35 USC § 102 and 103

Current independent claim 1 is amended to recite certain diseases formerly recited in claim 11 that are clearly not anticipated or rendered obvious by DE '966.

Additionally, the features of former claim 26 are also incorporated into claim 1, rendering the section 103 rejection moot. Claim 26 was not rejected over the combination of US '925 and US '224. (See sections [0004]; and [0006] under the section 103 rejections of the Office Action.)

Various dependent claims are not obvious for at least the same reasons as discussed above regarding the independent claim from which they depend. The additionally cited references do not overcome the deficiencies of the primary reference used in the rejection of independent claim 1. (See sections [0002]; [0003]; and [0005] under the section 103 rejections of the Office Action.)

Claim Rejections of Independent Claims 5 and 25 and their Dependent Claims Under 35 USC § 103

Current independent claims 5 and 25 are amended to recite certain diseases formerly recited in claim 11 that are clearly not rendered obvious by DE '966. (See section [0001] under the section 103 rejections of the Office Action.)

Reconsideration is respectfully and courteously requested.

The Commissioner is hereby authorized to charge any fees associated with this response or credit any overpayment to Deposit Account No. 13-3402.

Respectfully submitted,
